

I teach a Year 4 class and enjoy learning about each of my students and helping support them in being the best that they can be. I like my classroom to be a very exciting, creative and vibrant learning environment!

I have taught in New Zealand, England, China, and Indonesia, and I am looking forward to sharing my experiences.

I love all sports, especially rugby, surfing and cricket. I played in the Touch Football World Cup for England last year in Malaysia. I also love playing guitar.
