

Hi, my name is Ed Beel, my students call me Mr. Beel. I teach Year 5 in Room 26. I come from an English background but was born and raised in Auckland, New Zealand. I attended Remuera Primary School myself from years 1 to 6 and progressed through St. Peters College in Epsom to gain university entrance. I began a Bachelor of Visual Communication but partway through my 2nd year at Massey University, changed to a Bachelor in Primary Teaching at Auckland Uni. I have been teaching fulltime for over three years now and am excited to commence my fourth. I am a friendly, caring teacher who is passionate about my students and their progress through learning, and am fortunate enough to be in a position to provide them with the tools to grow, albeit just for one short year. I will aim to provide my students with the best possible opportunities to help their development and throw in a bit of humour along the way.

In my free time I am active and social. I am a member two indoor netball teams, play golf recreationally, enjoy hikes and walk with my wife, and am a sucker for a good BBQ.
